

TREADWARE: BELTS, BRACELETS & DOG LEASHES

New in 2015 is our TREADWARE BELTS, BRACELETS & DOG LEASH Program. We are excited about this program where we recycle used bicycle tires into unique one-of-a-kind belts and bracelets. We accept any size or color of bike tires for this project.

This program keeps bike tires out of our local landfills where they would take more than 500 years to breakdown.

If you have any used bike tires that are off the rims, and would like to donate them to our program contact Mary Hughes at Keep Loup Basin Beautiful at 308.346.3393 or email her at mary@keeploupbasinbeautiful.org.
